

MILAGROS GARRIDO

HEALTHY TEEN NETWORK

1501 Saint Paul Street, Suite 114 • Baltimore, MD 21202 • 410.684.0410 • Mila@HealthyTeenNetwork.org

SKILLS & SUBJECT AREA EXPERTISE

Design researcher and educator committed to using human-centered design to help communities to learn, use, and translate practical and innovative approaches to solve public health issues.

EDUCATION

TOWSON UNIVERSITY, TOWSON, MD

MASTER OF SCIENCE, SOCIAL SCIENCE, 2009

- Thesis: Knowledge, Perception, and Protection: Family Planning Choices of Latino Women in Baltimore
- Honors: Summa Cum Laude, Recipient of Charlotte W. Newcombe Scholarship and Graduate Diversity Grant

TOWSON UNIVERSITY, TOWSON, MD

POST-BACCALAUREATE CERTIFICATE, FAMILY PROFESSIONAL COLLABORATION, 2008

- Thesis: Ethnographic Interviews: Communications and Challenges between Professionals and Families with Children in the Autism Spectrum Disorder.

TOWSON UNIVERSITY, TOWSON, MD

BACHELOR OF ARTS, INTERNATIONAL RELATIONS, 2005

- Minor: Economics
- Honors: National Dean's List, Sigma Alpha Lambda National Leadership and Honors Organization

PROFESSIONAL EXPERIENCE

ASSOCIATE DIRECTOR, INNOVATION & RESEARCH

HEALTHY TEEN NETWORK, BALTIMORE, MD

2016 - PRESENT

Provides leadership monitoring simple technologies and technological trends and identifying opportunities for their use to improve the development and delivery of sexual health content. Provides strategic planning vision to support the implementation of the department's and organization's goal of using innovation and technology to advance the field of adolescent health. Pursues strategic partnerships, identifies and leads fund development projects.

- Manages a \$723,000/year, five year cooperative agreement funded by the U.S. Department of Health and Human Services (HHS) to rigorously evaluate new or innovative approaches to prevent teen pregnancy.
- Co-led the development of an alternative mobile keyboard powered by machine learning to help young men talk to their partners about sexual health.
- Led the development of a voice-activated Alexa Skill to link youth to sexual health services which was selected as a finalist of Amazon Alexa Ed Tech Skill Challenge Competition.
- Co-led the design and development of a comprehensive HPV vaccination media campaign that includes a chatbots to answer questions directly to consumers.
- Co-Led the design of an internet advertising recruitment strategies to recruit over 2,000 participants for a randomized controlled trial funded by HHS to evaluate Pulse, a mobile app to increase contraception use among Black and Latinx young women.
- Managed a Small-Business Innovation and Research (SBIR) Contract funded by the Centers for Disease and Prevention (CDC) to develop a prototype of a mHealth mobile application to improve reproductive health outcomes for minority male teens.

- Served as a content expert and co-led the development of a mHealth gamified tool prototype to improve the health outcomes for minority male adolescents.
- Co-led the design, development, and dissemination of multi-platform Spanish-language social media and dating app internet advertising campaign for HIV awareness and prevention.
- As part of a team, contributed to the translation of health information and co-develop human-centered, engaging and digestible educational materials using diverse types of media including whiteboard animations, short videos, and comics.
- Led the use of digital focus groups to conduct formative research and to engage participants in the development of digital campaigns to ensure the creation of human-centered products.
- Worked as community advisor for Johns Hopkins University's Center for AIDS Research CFAR-Adelante Grant to assess the context and level of HIV stigma within Latinx social networks in Baltimore City, in preparation for developing and disseminating a social media marketing campaign.

SENIOR PROGRAM MANAGER, CAPACITY BUILDING & EVALUATION

HEALTHY TEEN NETWORK, BALTIMORE, MD

2011 - 2016

Managed the organization's fee-for-service program and capacity-building projects. Collaborated to write grant proposals and contract applications. Designed, developed, and implemented multi-method training and technical assistance to organizations, government agencies, and youth-serving professionals working with a diverse audience of youth and young adults.

- Managed a \$260,000/ a year, multi-year federal IDIQ Task Order Sub-contract funded by HHS Administration on Children, Youth and Family (ACYF)
- Co-managed a \$200,000/year, five-year cooperative federal agreement funded by The Centers for Disease Control and Prevention Division of Adolescent School Health (CDC-DASH) to build capacity of schools to implement Exemplary Sexual Health Education and develop and implement tools to monitor program performance.
- Conducted
- Managed a \$375,000/year, two year contract with CDC-Office of State, Tribe, Local and Territories Support to build the capacity of Native Americans communities to select, adapt and implement teen pregnancy and HIV prevention evidence-based programs.
- Designed, developed and facilitated over 100 trainings, action planning sessions, poster sessions and webinars at national and state levels in various topics.
- Provided training and technical assistance to funded organizations as part of the President's Teen Pregnancy Prevention Initiative including HHS-ACYF Teen Pregnancy Prevention State & Tribal Personal Responsibility Education Program (PREP) and Research and Demonstration Programs, and HHS Pregnancy Assistance Fund (PAF).

TRAINING AND TECHNICAL ASSISTANCE MANAGER

HEALTHY TEEN NETWORK, BALTIMORE, MD

2009 - 2011

Managed training and technical assistance projects. Designed, developed, and implemented

- Managed a \$260,000/ a year, multi-year federal IDIQ Task Order Sub-contract funded by HHS Administration on Children, Youth and Family (ACYF)
- Managed a \$285,000/year, two year cooperative federal agreement funded by The Centers for Disease Control and Prevention Division of Adolescent School Health (CDC-DASH) to build the capacity of local education agencies and state education agencies to implement sex education.
- Contributed to the adaptation, design, development and implementations of distance and in-person training designs and approaches.
- Provided training and technical assistance to funded organizations as part of the CDC-Division of Reproductive Health Promoting Science-Based Approaches- Getting to Outcomes project to support the translation to research to practice and the implementation of evidence-based programming.

COMMUNITY OUTREACH SPECIALIST,

JOHNS HOPKINS UNIVERSITY, SCHOOL OF MEDICINE, BALTIMORE, MD
2008 - 2009

Co-led the creation and development of the first bilingual, multicultural program in Baltimore City that provided HIV/STD-related outreach, testing, and treatment to the rapidly growing, primarily immigrant, Latinx population.
